Abstract 2

1. Introduction 3

2. Experimental 5

2.1. Monomer Synthesis 5

2.2. Polymer Synthesis 5

2.3. Kinetic Measurements 5

2.4. Thermal Degradation Experiments at Constant Temperature 8

2.5. Analysis of Polymer Residue 9

2.6. Analysis of Condensable Volatile Products 9

2.7. Analysis of Gaseous Degradation Products 10

3. Results and Discussion 11

3.1. Results of Thermogravimetric Analysis 11

3.2. Analysis of Polymer Residue 15

3.3. Analysis of Condensable Volatile Products 21

3.4. Analysis of Gaseous Degradation Products 27

3.5. Proposal of Degradation Mechanisms 30

3.6. Environmental Aspects 40

4. Conclusions 44
