

Radioactivity .Interaction of Radiation with Matter

(Amin Z. El-Behay) 5

Emergency Planning for Nuclear and Radiological Accidents

(A. H. Abdel Ghani) 23

Accidental Dosimetry

(Mohammad A. Gomaa) 41

Principle Considerations on Intervention Levels

(Abdel-Razik Z. Hussein) 57

The Acute Radiation Syndromes

(Anas M. El-Naggar) 69

High Dose Radiation Response at Molecular and Cellular Levels

(Hamid M. Roushdy) 91

Biological Dosimetry

(M. Bauchinger) 99

Internal Dose Evaluation; Biokinetic and Physical Models and their Application

(L. Bogner) 117

Monitoring for Intakes of Radionuclides; Methods and Monitoring Programmes

(W .Koelzer) 139

Therapeutic Measures and Intervention Levels after Incorporation of Radionuclides

(V. Volt) 197
