

**Monday, 10.04.1995**

10.00 AM Dr. R. Prasad Introduction

Dy. Adviser, ISC, CSIR, New Delhi

10.15 AM Dr. R.S. Kapil Welcome

Address Director, RRL, Jammu

10.30 AM Prof. Dr. H.P.T. Ammon Boswellic acids as specific inhibitors of leukotriene synthesis; structure-action relationships

**11.15AM TEA BREAK**

11.45 AM Dr. R.S. Kapil

Search for new non-steroidal antiinflammatory agents

12.15 AM Prof. Dr. Th. Simmet

Cerebral 5-lipoxygenase activity as a potential target for 5-lip- oxygenase inhibitors derived from *Boswellia serrata*

**01.00 PM LUNCH BREAK**

02.30 PM Prof. H. Singh

Clinical evaluation of boswellic acids

03.15 PM Dr. I. Gupta

Role of boswellic acids in ulcerative colitis

03.45 PM Dr. E. Sailer

The mechanism of leukotriene biosynthesis inhibition by acetyl- 11-keto-boswellic acid

04.15 PM Dr. S. Bani

Effect of boswellic acids on BSA- induced arthritis in rabbits

04.35 PM Dr. S.C. Taneja

Antiinflammatory substances from natural sources

**Thursday, 11.04.1995**

10.00 AM Dr. S.K. Banerjee

A few possible non-steroidal anti-inflammatory agents from plants

10.20 AM Dr. G.B. Singh

Pharmacological profile of boswellic acids obtained from *Boswellia serrata* -new type of non-steroidal antiinflammatory agents

10.40 AM Ms. B. Rall

Boswellic acids and proteases

**11.05 AM TEA BREAK**

11.35 AM Ms. S. Sharma

Anti-complement and antiinflammatory active compounds from Indian Traditional plants

11.55 AM Dr. M.L. Sharma

Immunopharmacological profile of *Boswellia serrata* Roxb.

12.15 AM Prof. Dr. H.P.T. Ammon

Sum up
