

TABLE OF CONTENTS

Preface	4
Foreword	5
Coordinators	6
Programme of the Workshop	7
Participants in Indo-German Workshop	10
German Participants	10
Indian Participants	12
Industries participating in INDO-GERMAN Workshop	14

Opening remarks by Dr. S. F. von Welck	- 17
---	-------------

Technical Session 1 20

GaAs MESFETs for Communications

O.P. Daga, R.P. Gupta, J.K. Singh, H. S. Kothari, W. S. Khokle and B.R. Singh	21
---	----

Silicon based integrated Microsensors for Gas Detection and pressure Measurements

B.B. Dixit, D.P. Runthala, R.P. Gupta, G.Eranna, P.Suryanarayana and P.D. Vyas	36
---	-----------

CAD of Electron Guns, cussing Systems and Resonators.

RS Raju, HN Bandopadhyay and S.N. Joshi	41
---	----

Development of Fieldbus and Gateways to MAP 3.0 Industrial Network

KCS Murty	49
-----------------	----

R & D ON GYROTRON Oscillators

HN Bandopadhyay >	55
-------------------------------	----

Development of Fuzzy logic and Artificial Neural Network based

Intelligent Controllers

KCS Murty, RS Shekhawat >	65
---------------------------------------	----

Advanced Research in CAD Tools and VLSI Design

G. K. Sharma, Raj Singh and Chandra Shekhar >	71
---	----

100 KVA variable speed ac Motor Drive for pumping Applications

Rahul Varma, S.D.Perlekar	75
--	-----------

Technical Session 11 85

Development of High Power Gyrotrons at FZK

Dr.-Ing. B. Piosczyk >	86
--------------------------------------	----

Optimisation and Control of Sugar Juice Clarification Process

Dr.-Ing. L. Peters	90
--------------------------	----

PROFIBUS: German Solutions to the Open Field Bus

Dr.-Ing. K D Müller	97
---------------------------	----

Technical Session 111110

Gas Sensors on the Basis of Field Effect Transistors

Prof Dr. -Ing. Dagmar Schipanski111

Technology of GaAs-based MMICs and Power Laser Diodes

Dr. -Ing. J. Würfl119

Sensors, MMIC and Optoelectronics Based on Compound Semiconductors

Prof Dr. -Ing. H.L. Hartnagel123

Concluding Session125
