## Climate Change Mitigation and Adaptation

Identifying Options for Developing Countries

Karl Ludwig Hüttner, Jürgen-Friedrich Hake,  
Wolfgang Fischer (Editors)

Proceedings of the Summer School on Climate Change,  
7-17 September 2003,

Bad Münstereifel, Germany

Schriften des Forschungszentrums Jülich  
Reihe Umwelt/Environment Band/Volume 41  
ISSN 1433-5530 ISBN 3-89336-341-6

I Lectures  
Science of Climate Change  
Anthropogenic Greenhouse Gas Emissions : Sources and Trends 1  
R. Schaldach

Climate Change: The Impacts 9  
C.B. Sear

Climate Change: Models, Scenarios and Observations 43  
U. Cubasch

Policy of Climate Change  
The Political Context of Climate Change: History & State of Negotiations 53  
K. Sach; E. Harders

The Relevance of Climate Change Negotiations for Developing Countries 63  
C. Dasgupta

Mitigation  
Emission Reduction : Options and Strategies in Europe 71  
J.-Fr. Hake, R. Eich

How to cope with rising Emissions from Developing Countries? 93  
C. Dasgupta

Strategies for Sectoral Emission Reduction in Germany 99  
M. Kleemann

Urbanisation and Global Environmental Change 113  
Midgley, P. M.

Adaptation  
Adaptation : A Challenge for the "North" and the "South"? 115  
C. Fomer

Adaptation: Case Studies in the "North" - Seminar Prompts 125  
C.B. Sear

South-North Cooperation  
Carbon-Sinks: Enhancement & Management 131  
R. Leithner

Technology Transfer : Experiences and Perspectives 145  
H. Liptow

Business  
Industry Contributions : Emission Reductions and Self-Commitments 153  
J. Hein

Options for & Experiences of the Private Sector in Developing Countries 161  
K. Baumann

Integrating the "South ": Options & Strategies for a Global Climate Protection  
Regime  
Evolution of Commitments under the UNFCCC 169  
N. Höhne

Commitment to Human Development Goals with low Emissions - An alternative to  
emissions caps for post-Kyoto from a developing country perspective 179  
J. Pan

II Short Papers of Participants 197

III Rapporteur feedback and working group papers  
Session on Science of Climate Change 285  
G. Srinivasan

Session on Policy of Climate Change 287  
M. De Wit

Session on Mega Cities and Emission Limitation in the "South"293  
V. Kumar

Session on Adaptation 297  
M. T Cabrai

Emission Limitations in the "South"? 305  
Working Groups

Adaptation 309  
Working Groups

Corporations and the "South" 315  
Working Groups

IV Closing Panel  
Welcome Address 321  
MinDir Junker; Federal Ministry of Education and Research

Welcome Address 325  
Board Member Eisenbeiß, Research Centre Jülich

Climate Change: Perspectives from Developing Countries 329  
Participants

V Appendix  
Programme of the Summer School 333  
Index of Participants 335  
Index of Lecturers and Organising Committee 339
