Interaction of the two-component systems HrrSA and ChrSA in *Corynebacterium glutamicum*

Eva Hentschel

Schriften des Forschungszentrums Jülich
Reihe Gesundheit / Health

Band / Volume 79

ISSN 1866-1785

ISBN 978-3-95806-053-1

Content

1	Summary.....	1
1.1	Summary English	1
1.2	Summary German.....	2
2	Introduction	3
2.1	Sensing environmental cues - Bacterial signal transduction.....	3
2.2	One-component systems.....	3
2.3	ECF σ factors.....	3
2.4	Two-component systems	4
2.4.1	Architecture of two-component systems.....	4
2.4.2	Signaling fidelity in two-component systems.....	7
2.4.3	Evolution of two-component systems	7
2.4.4	Specificity of two-component signal transduction.....	8
2.5	Stimuli of two-component systems.....	10
2.5.1	Iron - a critical trace element	10
2.5.2	Haem - an alternative source of iron.....	10
2.6	Haem and iron homeostasis in <i>C. glutamicum</i>	12
2.7	Haem dependent two-component systems.....	14
2.8	Aims of this work	14
3	Results.....	16
3.1	Destabilized eYFP variants for dynamic gene expression studies in <i>Corynebacterium glutamicum</i>	18
3.2	The two-component system ChrSA is crucial for haem tolerance and interferes with HrrSA in haem dependent gene regulation in <i>Corynebacterium glutamicum</i>	25
3.3	Phosphatase activity of the histidine kinases ensures pathway specificity of the ChrSA and HrrSA two-component systems in <i>Corynebacterium glutamicum</i>	38

3.4	Identification of residues involved in phosphatase activity of the two-component systems HrrSA and ChrSA in <i>Corynebacterium glutamicum</i>	56
4	Discussion	77
4.1	Control of haem-homeostasis in <i>C. glutamicum</i>	77
4.1.1	The two-component system ChrSA is crucial for haem-detoxification....	78
4.2	Multi-level interaction of the TCS ChrSA and HrrSA	80
4.2.1	The HrrSA and ChrSA regulon overlap.....	80
4.2.2	HrrSA and ChrSA interact at the level of phosphotransfer	83
4.3	Pathway specificity in HrrSA and ChrSA signal transduction	84
4.3.1	Phosphatase activity ensures pathway specificity of HrrSA and ChrSA ...	85
4.3.2	Molecular recognition during phosphatase activity of HrrS and ChrS.....	87
5	References	91
6	Appendix.....	99
6.1	Supplementary material – The two-component system ChrSA.....	99
6.2	Supplementary material – Phosphatase activity ensures specificity	105
6.3	Supplementary material – Identification of phosphatase residues.....	112
6.4	Supplementary material – Signal perception of HrrS and ChrS	117
6.5	Supplementary material – Interaction of HrrSA and ChrSA.....	118
