|  |           |
|--|-----------|
| Zusammenfassung.....   | I         |
| Abstract .....   | III       |
| Contents.....  | V         |
| List of Figures .....  | VIII      |
| List of Tables.....  | XV        |
| List of Abbreviations.....   | XVI       |
| <br>   |           |
| <b>I. General Introduction.....</b>  | <b>20</b> |
| I.0 Understanding Science.....   | 21        |
| I.1 Catchment Water Transport .....  | 22        |
| I.2 State of the Art .....   | 25        |
| I.2.1 The Transit Time Distribution .....  | 25        |
| I.2.2 Applying Isotope Hydrology to Estimate TTDs .....  | 29        |
| I.2.3 Uncertainties in TTD Estimation .....  | 30        |
| I.3 Objectives.....  | 31        |
| <br>   |           |
| <b>II. Seasonal soil moisture patterns: Controlling transit time distributions in a forested headwater catchment .....</b> | <b>34</b> |
| II.1 Introduction.....   | 35        |
| II.2 Study Site.....   | 38        |
| II.2.1 The Wüstebach Headwater Catchment.....  | 38        |
| II.2.2 Measured Data .....   | 40        |
| II.3 Methods .....   | 42        |
| II.3.1 Data Preparation .....  | 42        |
| II.3.2 Snow Melt Model .....   | 43        |
| II.3.3 Determination of the Transit Time Distributions.....  | 44        |
| II.3.4 Splitting the hydrograph into sub-modeling periods.....   | 47        |
| II.3.5 Adaption of stable isotopes in precipitation.....   | 50        |
| II.4 Results .....   | 51        |
| II.4.1 Hydrograph Simulation.....  | 52        |
| II.4.2 Stream Isotope Modeling .....   | 57        |
| II.5 Discussion.....   | 66        |

---

|   |            |
|---|------------|
| II.5.1 Can we determine subcatchment TTDs of ungauged stream locations? .....   | 69         |
| II.5.2 Spatial variability of TTDs .....  | 71         |
| II.5.3 Can we explain the spatial variability of TTDs with catchment characteristics? .....                             | 72         |
| II.5.4 Limitations .....  | 74         |
| II.6 Conclusions.....   | 75         |
| <br>  |            |
| <b>III. Interception effects on stable isotope driven streamwater transit time estimates .....</b>                      | <b>76</b>  |
| III.1 Introduction .....  | 77         |
| III.2 Methods .....   | 78         |
| III.2.1 Study Site .....  | 78         |
| III.2.2 Measured Data.....  | 80         |
| III.2.3 TTD calculation.....  | 82         |
| III.3 Results & Discussion.....   | 84         |
| III.3.1 Interception effects on throughfall .....   | 84         |
| III.3.2 How did throughfall isotope composition affect stream isotope simulation? .....                                 | 85         |
| III.3.3 How did throughfall isotope composition affect estimated TTD? .....   | 88         |
| III.4 Conclusions .....   | 93         |
| <br>  |            |
| <b>IV. Influence of temporal resolution of tracer data on estimates of streamwater transit time distributions .....</b> | <b>94</b>  |
| IV.1 Introduction.....  | 95         |
| IV.2 Methods.....   | 96         |
| IV.2.1 Study Site .....   | 96         |
| IV.2.2 Measured Data .....  | 99         |
| IV.2.3 TTD Calculation.....   | 104        |
| IV.3 Results.....   | 106        |
| IV.4 Discussion .....   | 114        |
| IV.4.1 Model Input Data .....   | 114        |
| IV.4.2 Hydrograph Simulation Results .....  | 116        |
| IV.4.2.1 Hydrograph Discussion .....  | 116        |
| IV.4.2.2 Parameter Discussion .....   | 117        |
| IV.4.3 Isotope Simulation Results.....  | 118        |
| IV.5 Conclusion.....  | 119        |
| <br>  |            |
| <b>V. Synopsis .....</b>  | <b>121</b> |

|  |                |
|--|----------------|
| V.1 Summary.....   | 122            |
| V.2 Synthesis.....   | 123            |
| V.2.1 A Global Perspective .....   | 123            |
| V.2.2 Spatiotemporal Controls of Streamwater TTD Uncertainty .....             | 125            |
| V.3 Outlook.....   | 127            |
| <br><b>VI. References.....</b>   | <br><b>129</b> |
| <br><b>VII. Appendix .....</b>   | <br><b>147</b> |
| VII.1 Field experiment to test evaporation losses of the sampling system ..... | 147            |
| VII.2 Additional information on the hydrograph modeling .....                  | 148            |
| <br><b>Danksagung.....</b>   | <br><b>160</b> |
