# STATUS CONFERENCE RESEARCH VESSELS 2024

Conference transcript

SCHRIFTENREIHE PROJEKTRÄGER JÜLICH

# **STATUS CONFERENCE RESEARCH VESSELS 2024**

Conference transcript

# TABLE OF CONTENTS

**FOREWORD ..... 5**

## ABSTRACTS

**AL534 ..... 17**  
Technology Evaluation and Testing for New Underwater Observation Concepts

**AL534/2 ..... 25**  
RiverOceanPlastic: Land-ocean transfer of plastic debris in the North Atlantic

**AL543 ..... 33**  
Sedimentary fluxes of trace elements and greenhouse gases in the southwestern Baltic Sea – Results from SEDITRACE cruise

**AL548 ..... 39**  
Mine Monitoring in the German Baltic Sea – Dumped munition monitoring

**AL549 AND AL568B ..... 45**  
First-time evidence for a shift in spawning phenology of Western Baltic cod

**AL553 AND AL556 ..... 51**  
Baltic Sea Integrative Long-term Data Series & Baltic Cod 2021

**AL557 ..... 57**  
Carbon Fluxes and their Controls in the North Sea

**AL561 ..... 61**  
Reconstructing sediment deposition and provenance in the Skagerrak to characterize human impacts in the North Sea

**AL568 ..... 69**  
A test cruise of the LIGHTHOUSE ROV System

**EMB214 ..... 73**  
Integrated carboN and TracE Gas monitoRing for the bALTic sea (BONUS INTEGRAL) – Summer verification

**EMB217 ..... 79**  
Results of research cruise EMB217

## **EMB230, EMB237, EMB256, EMB261, EMB264, EMB271 AND EMB280 83**

The state of the Baltic Sea in 2020–2021 – ecosystem variability and long-term changes

## **EMB232, EMB246, EMB247 AND EMB258 ..... 89**

Mapping of habitats (biotopes) and their biotic communities on the seabed in the coastal waters of Mecklenburg-Vorpommern

## **EMB238, EMB267 AND EMB268..... 95**

Chasing the signals of bottom-trawling in benthic ecosystems of the western Baltic Sea

## **EMB239 AND EMB269 ..... 103**

Living along gradients- spatiotemporal variability of macrobenthic communities in the southwestern Baltic Sea

## **EMB262 ..... 107**

Baltic Sea sediments as archives of phytoplankton adaptation to climate change

## **EMB265 ..... 111**

Acoustic and in-situ observations of mixing processes in the Kattegat and Western Baltic Sea

## **EMB276 ..... 115**

Novel insights into the biogeochemistry of the redox zone in the Baltic Sea

## **HE525 ..... 119**

Pleistocene Boulder Detection Testing the Manta Ray

## **HE527 ..... 125**

In between the Storms on the North Sea

## **HE528 AND HE572 ..... 129**

Benthic community changes over 50 years in the German Bight, North Sea

## **HE529, HE561 AND HE574 ..... 135**

Development of nature conservation measures: European flat oyster restoration in the German Bight

## **HE533 ..... 141**

Spatial diversity of marine protists along the Northern Norway Fjords during the sub-Arctic summer

<b>HE537</b> .....	<b>145</b>
Project: MESSENGER Methane seepage near abandoned drill sites in the German North Sea Sector	
<b>HE541</b> .....	<b>151</b>
Importance of exchange processes between water and sediments in the German Bight	
<b>HE544 AND HE548</b> .....	<b>157</b>
Acoustic Seafloor Classification of the German EEZ- Impact of sediment types, bioturbation, and natural and man-made seabed features on hydroacoustic images	
<b>HE562 AND HE581</b> .....	<b>163</b>
Dynamics of benthic communities in the German North Sea	
<b>HE569</b> .....	<b>167</b>
Changing North Sea (ChaNoS)	
<b>HE570</b> .....	<b>173</b>
Fjord Export – Characterizing the Biological Carbon Pump using imaging approaches	
<b>HE578</b> .....	<b>179</b>
Fluxes and fate of microplastics in northern European waters: Large Scale Transport – South to North (JPI-O FACTS)	
<b>HE582</b> .....	<b>187</b>
The fate of organic matter in sandy sediments	
<b>M144</b> .....	<b>195</b>
Eastern Mediterranean Paleoclimate and Ecosystems during the Rise of Early Civilizations	
<b>M152/2</b> .....	<b>201</b>
Persistent organic pollutants in air and surface waters of the Equatorial Atlantic – distributions and air-sea exchange	
<b>M157</b> .....	<b>207</b>
Persistent organic pollutants in air and surface waters of the Equatorial Atlantic – distributions, air-sea exchange and trans-Atlantic transport	
<b>M162</b> .....	<b>213</b>
Fluid flow along the Gloria Fault, central North Atlantic	

<b>M164</b> .....	<b>219</b>
AMOC components at 47°N	
<b>M165</b> .....	<b>223</b>
Marine Particle off Northwest Africa; from source to sink	
<b>M168</b> .....	<b>229</b>
Magmatic and geodynamic evolution of the King's Trough Complex – the "Grand Canyon" of the North Atlantic	
<b>M169</b> .....	<b>237</b>
Tracing Origin and Distribution of Geogenic and Anthropogenic Dissolved and Particulate Critical High-technology Metals in the Southern North Sea	
<b>M170 AND M175</b> .....	<b>243</b>
On the formation of deep valleys at oceanic transform faults – constraints from M170 and M175	
<b>M174</b> .....	<b>247</b>
Composition, function and environmental controls of the microbiome in the epipelagic Atlantic and Pacific Ocean	
<b>M176</b> .....	<b>253</b>
Are the opening of the Bay of Biscay and the origin of the Azores-Biscay Rise linked to the Azores mantle plume?	
<b>M176/2</b> .....	<b>261</b>
Rainbow non-buoyant hydrothermal plume GEOTRACES study	
<b>M177</b> .....	<b>267</b>
Fluids migrate across Paleozoic rock and the Quaternary sediments and escape from the seafloor in the eastern Gotland Basin/Baltic Sea	
<b>M178</b> .....	<b>271</b>
Hazards off Etna: Landslide Nucleation under Tremor (HazELNUT)	
<b>MSM81</b> .....	<b>277</b>
Onset and modifications in intensity and pathways of water mass exchange between the Southeast Pacific and the South Atlantic with focus on the Falkland Plateau	
<b>MSM93</b> .....	<b>283</b>
Submesoscale Dynamics in Fram Strait	

<b>MSM94</b> .....	<b>291</b>
Subpolar North Atlantic transport variability	
<b>MSM95</b> .....	<b>299</b>
Mapping, fauna and trawling impacts of the deep Arctic seafloor	
<b>MSM96</b> .....	<b>305</b>
Metal geochemistry meets machine learning: Assessing sedimentary and pore-water rare earth element variability from local to basin scale across the NE Atlantic Ocean	
<b>MSM97</b> .....	<b>311</b>
High Resolution Reflection Seismic Imaging of the Cenozoic Barrier   Structures of the West-Schleswig Block and the Fluid Migration   System of the blowout structure 'Figge Maar'	
<b>MSM98</b> .....	<b>315</b>
Project VARIOSEEP – Variability, amount and fate of methane seepage in the German North Sea	
<b>MSM98/2</b> .....	<b>319</b>
Submarine landslides, tunnel valleys, and pits – results from seismo-acoustic studies	
<b>MSM99</b> .....	<b>325</b>
Baltic Sea Deep Water Ventilation	
<b>MSM99/2</b> .....	<b>329</b>
The enigmatic pockmarks of the southeastern North Sea	
<b>MSM100</b> .....	<b>335</b>
Geophysical Investigations for Barrier Structures and their Integrity in the subsurface of the German North Sea by means of 3D-Seismic data	
<b>MSM101</b> .....	<b>341</b>
Paleoclimate and Biogeochemistry Nova Scotia Margin	
<b>MSM102</b> .....	<b>345</b>
Morphology, stratigraphy and sedimentary record of the Northwest Atlantic Mid-Ocean Channel, Labrador Sea	
<b>MSM103</b> .....	<b>351</b>
Investigation of Potential Offshore Groundwater in the Gulf of St. Lawrence, Canada	
<b>MSM104</b> .....	<b>357</b>
Sinking particles, their production, transfer and preservation	

<b>MSM106</b> .....	<b>359</b>
WASCAL students meet science – Educating West-African students by Training-Through-Research	
<b>PS121</b> .....	<b>363</b>
Supplementary Users IMMIPlanS 2019 „Innovative Molecular Methods in Plankton Studies“ and CARCASS „Carbon Transport via Arctic Pelagic Animals Sinking to the Deep-Sea Seafloor“	
<b>PS124</b> .....	<b>369</b>
Occurrence of microplastics in the southern Weddell Sea	
<b>PS126</b> .....	<b>373</b>
Time-Series Studies at the LTER (Long-Term Ecological Research) Observatory HAUSGARTEN	
<b>PS128</b> .....	<b>383</b>
East Antarctic Ice Sheet Instability (EASI-1): History of the East Antarctic Ice Sheet	
<b>SO272</b> .....	<b>387</b>
Kerguelen Plateau Drift Deposits: outstanding high-resolution chronicle of Cenozoic climatic and oceanographic changes in the southern Indian Ocean	
<b>SO273</b> .....	<b>395</b>
ROV-Sampling and Mapping of the Marion Rises at the Southwest Indian Ridge (SWIR)	
<b>SO276</b> .....	<b>403</b>
Depth transects and connectivity along gradients in the North Atlantic and Nordic Seas in the frame of the IceAGE project (Icelandic marine Animals: Genetics and Ecology) (IceAGE3)	
<b>SO277</b> .....	<b>415</b>
Seafloor processes in the central Mediterranean region – results from SO277 OMAX	
<b>SO278</b> .....	<b>423</b>
Mud volcanoes along the Euro-African collision zone in the eastern Mediterranean Sea	
<b>SO279</b> .....	<b>429</b>
NAPTRAM: North Atlantic plastic transport mechanisms, sinks, and interactions with biota	
<b>SO280</b> .....	<b>437</b>
Icelandic marine Animals: Genetics and Ecology meets Diversity along latitudinal gradients in the deep sea of the Atlantic Ocean (IceDivA)	

<b>SO283</b> .....	<b>443</b>
Mooring Rescue in the South Atlantic	
<b>SO284</b> .....	<b>453</b>
Tropical Atlantic Circulation and Climate	
<b>SO285</b> .....	<b>459</b>
TRAFFIC: Trophic TRAnsfer eFFICIency in the Benguela Current (SO285/SO283)	
<b>SO286</b> .....	<b>465</b>
Icelandic marine Animals: Genetics and Ecology meets Diversity along latitudinal gradients in the deep sea of the Atlantic Ocean 2 (IceDivA2)	
<b>SO287</b> .....	<b>473</b>
Pan-Atlantic connectivity of marine biogeochemical and ecological processes and the impact of anthropogenic pressures	
<b>SO288</b> .....	<b>483</b>
Measuring Tectonic Strain Build-up On The Seafloor With The GeoSEA Array	

## POSTER

<b>M169</b> .....	<b>491</b>
Platinum input from German Rivers into the North Sea	
<b>M169</b> .....	<b>495</b>
Geochemical fate of trace metals including high-technology elements during riverine export into the North Sea: results from ultrafiltration and passive sampling	
<b>M176/2</b> .....	<b>499</b>
Do hydrothermal systems at the Mid-Atlantic Ridge affect the distribution of dissolved Rubidium, Uranium and Vanadium?	
<b>MSM96</b> .....	<b>505</b>
Rare earth element cycling in oxic pore waters from the Northeast Atlantic: benthic fluxes and implications for the use of Nd isotopes as a past water mass proxy	
<b>MSM96</b> .....	<b>509</b>
Influence of seafloor topography on benthic nutrient fluxes in deep-sea sediments of the North Atlantic	

<b>MSM98/2 .....</b>	<b>513</b>
Tunnel valleys in the southeastern North Sea: Complex incision patterns dating back to MIS16?	
<b>MSM100 .....</b>	<b>519</b>
Vertical acoustic blanking anomalies in 2D and 3D seismic data from the German North Sea: Imaging artifacts by shallow gas-bearing incised channels	
<b>MSM101 .....</b>	<b>525</b>
Post-glacial palaeoceanographic changes on the Scotian Shelf – first results	
<b>PS123 AND PS127 .....</b>	<b>529</b>
Opportunistic collection of bathymetric transit data during Expeditions PS123 and PS127 with R/V Polarstern	
<b>PS127 .....</b>	<b>535</b>
Autonomous measurement platforms for energy and material exchange between ocean and atmosphere (OCEANET): Atmosphere	
<b>SO264 .....</b>	<b>537</b>
SONNE-EMPEROR: The Plio/Pleistocene to Holocene development of the pelagic North Pacific	
<b>SO264 .....</b>	<b>543</b>
Tephrostratigraphy for late Pleistocene sediments of the Minnetonka Seamount (~47°N 169°E; Emperor Seamount Chain) based on core SO264-55-1	
<b>SO287 .....</b>	<b>549</b>
Planktonic and Micronektonic Scattering Layer distribution along latitudinal section: from North East Atlantic to Eastern Tropical Pacific Oceans	
<b>SO287 .....</b>	<b>557</b>
Metagenomic insights into variability of microbial diversity and functions in the Eastern Tropical Pacific Ocean	
<b>SO288 .....</b>	<b>561</b>
Monitoring strain on the seafloor offshore Northern Chile using acoustic direct-path ranging techniques	
<b>SO288 .....</b>	<b>567</b>
Deep Ocean Heterogeneity Inferred From Offshore Geodetic Experiments
